

ELECTRONIC COMMUNICATIONS CONSENT FORM

Our office is now able to send email and text messages to patients to confirm appointments, let you know of upcoming events, and provide additional communication notifications. This is a great tool to utilize when a phone call is not convenient. Allow our team to communicate with you by sending automated reminders and confirmations for your appointments.

Please indicate if you would like to receive email and text message appointment confirmation and reminders, newsletters, marketing material, account updates and opportunities to provide feedback.

We may also use your information for direct and indirect marketing, including audience targeting.

You can withdraw your consent to receive electronic communications at any time by calling our office. Please note that you are responsible for providing our office with any updates to your email address and/or cell phone number.

Enter Contact Information clearly:

Email Address: _____

Cell Phone Number: _____

Select one choice:

- Yes, I would like to receive electronic communications.
- No, please do not send me electronic communications.
